

## ORG TAN GR 15

---

Synthetic replacement syntan based on Aromatic oxy sulphone

- Aspect** : Light pink colour powder  
**Basis** : Based on Aromatic oxy sulfones  
**Moisture content** : 6.0 % Max.  
**pH** : In 10% aqueous solution, 3.0 – 4.0  
**Solubility** : Excellent  
**Light fastness** : Excellent

### PROPERTIES

- Improves the tightness, fullness and smoothness and gives high level of suppleness.
- Has strong whitening effect and very much suitable for white leathers
- Due to its good dispersing power, It drives other syntans in the bath deeply into the cross section of the leather, which results in full uptake, and the exhaustion is clear.
- When used along with **Orgtan RP-7**, which will give tightness with mellowness.
- Can be used in vegetable tannage.
- In combination with vegetable extracts increases the rate of penetration with a clear colour and elastic grain.
- Can be used in all types of skins: light, heavy and reptile skins.

### APPLICATIONS

**ORG TAN GR 16** can be used in all stages for the production any articles (e.g., uppers, garment, lining etc)

- Upper Leathers : 3.0 – 8.0 %  
Aniline and pastel coloured : 4.0 – 8.0 %  
Leathers  
Garment leathers : 2.0 – 4.0 %  
Light leathers : 2.0 - 6.0 %  
Vegetable tannage : As required

### SHELF LIFE

Under dry and cool storage conditions, the product does not show any problem and has a shelf life of 2 years. Some caking may appear if stored under warm, damp conditions but this does not affect either the solubility or the efficiency of the product.

The above information has been given in good faith, without liability
