

ORGOIL GWR

Synthetic fat liquor suitable for all types of chrome or vegetable tanned leather

Aspect : Light brown liquid
Basis : Based on synthetic esters and hydrocarbon sulfonate
Concentration: 60 ± 1%
pH : In 10% aqueous solution, 7.0 – 8.0
Charge : Anionic
Stability : Very Good
Light fastness : Excellent

PROPERTIES

- **Orgoil GWR** is substitute for traditional sperm oil based fat liquors
- **Orgoil GWR** has excellent compatibility with other tanning materials and anionic fat liquors, improves grain strength of the final leather
- **Orgoil GWR** particularly suitable for light weight, soft type of leathers like Nappa and Upholstery.
- **Orgoil GWR** has got slight bleaching effect on the leather and can be used as main fatliquor in the production of pastel and white color dyeing also helps to get a very good level dyeing
- **Orgoil GWR** increases the grain tightness and improves the buffing properties

APPLICATIONS

Shoe upper : **Orgoil GWR** 4.0 – 5.0 %
Softy leather : **Orgoil GWR** 5.0 – 6.0 %
Suede leather : **Orgoil GWR** 4.0 – 6.0 %

SHELF LIFE

Orgoil GWR has a shelf life of one year if it is stored in its original sealed package. Drums should be tightly resealed each time material is taken from them and their content should be used up as soon as possible after they have been opened. Under extreme climatic condition, the product may slightly separate. Therefore, it is recommended to always stir well before use.
